RE: KSW Federal Credit Union Addition.

The KSW Federal Credit Union has a branch at 135 Waldo Avenue. It is a 1500 sq.ft. building with a lobby, break room, toilet and 1 office. The proposal is to add 434 sq.ft. with a new entrance vestibule and two offices. The addition of the two office will allow KSWFCU to better serve their customers.

The second part of the proposal is to add a new exit drive. The current two way drive will become an entrance only drive. The new exit drive will have both a left turn only and a right turn only lanes. This will hopefully help alleviate on-site traffic back-up with vehicles waiting to make a left hand turn. The traffic flow will be one-way around the building. This will make it a little safer.
